

Cocooning

Cocooning: take care of yourself this festive season!

Perfect for the start of winter, when we need to take care of ourselves.

Get your glow back and enjoy a moment of relaxation!

Face

The Wellbox® device delivers a mechanical massage to the surface of the skin, **stimulating lymphatic circulation** to eliminate accumulated toxins and decongest the eye area. Fatigue marks fade, **the face looks more rested and the complexion more even.**

You're left with a fresh complexion, rested features and relaxed eyes!

Body

The Wellbox® 2 treatment head stimulates the skin and subcutaneous tissue **to activate circulatory exchanges** and **relax back muscles.**

Areas of muscular tension are released and relaxed for **a real moment of well-being.**

18 minutes of pure joy with a focus on the eyes and a body part targeting the back area that you can do in good company.

Well-being and detox face goal

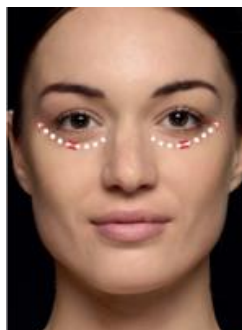

Type of care: body & face

Duration: 18 minutes

Cure recommendations: 3 days a week over 8 weeks

Programme content

- Reenergised eyes 6'
- Reenergised face 6'
- Relaxed back 6'

Complete your treatment by applying Eye Balm from the inner corner of the eye contour outwards, and the Dynamic Replenishing Rich Cream all over your face for nourished, plumped and healthy-looking skin.
